

WILL COPPAGE

High Energy Mississippi Music

"It's Mississippi music that grabs the soul. At times, it saunters lazily; other times, it races with fervor. It dances between joy and sorrow, between juke and folk, yet never loses the essence of soul."

Mississippi Delta native, Will Coppage, has built a reputation for reenergizing the rural sounds of Delta blues, Texas honky tonk, Kentucky bluegrass, Appalachian folk and Southern rock to create his sound, "Y'all Music." His lyrics steer emotions from bitter tragedy to celebration, keeping his audiences dancing and entertained all night long.
